

GC Question Sheet

Sermon: Acts 19:6-19:20

- Why does using the name of Jesus over and over again seem fake?
- What was the Seven Sons of Sceva's perspective on the name of Jesus? Do you feel like you have used the name of Jesus in a way that was fake or used to make you look better?
- We saw in Acts that the Seven Sons of Sceva were **mastered** and **overpowered** by an evil spirit. Are there ways that we can be mastered and overpowered by something that is not of Jesus?
- Have you been mastered and overpowered by something in your past? Is there something mastering and overpowering you today?
- In the story, we witnessed dramatic event where followers of Jesus paid the cost of getting rid of material possessions that came between them and God.

Take time as a GC to open up the group for discussion with the question, "is there anything right now that you know is getting in the way of you and your relationship with Jesus?"

To those who open up and confess affirm them as a group and thank them for sharing. Then take time to process (starting with the person who confessed) by asking the question, "how can you follow Jesus by removing what has been getting in the way of my relationship with God?"
